

Make a Thaumatrope: Episode 3 Activity

**Thaumatropes were an early form of animation.
Make your own!**

You will need:

A sheet of paper

Scissors

A long piece of string or twine

Coloured pencils

A design idea (check out our template included in the
package)

Glue

Instructions:

1. Draw two circles.
2. Cut these two circles out.
- 3 Draw two images that correspond to each other on either side.
(ex. bird and birdcage, fire and fireplace, etc.)
4. Take the piece of string and glue it to the back of one of the circles, making sure that there is extra string on either side.
5. Glue the other circle to the back of the first circle.

Your thaumatrope is now ready to spin!
